

FARMERS TO MEET AT INDIANAPOLIS

NATIONAL CONGRESS WILL BE
HELD THERE.

November 10, the Date Set For the
Sixteenth Annual Session—Gather-
ing Will Be Entirely Non-Partisan—
Subjects to Be Discussed By the
Soil Tillers.

Indianapolis, Oct. 28.—One week
from election day the sixteenth annual
session of the Farmers' National con-
gress will assemble in this city to con-
tinue for several days, and according
to present indications it will be large-
ly attended. The sharp advance in the
price of cereals has furnished to many
agriculturists who take an interest in
the congress the wherewithal to make
the trip from their homes for the pur-
pose of listening to the papers and
taking part in the discussions. The
present officers of the association are:
President—B. F. Clayton of Indian-
ola, Iowa.

Vice presidents—Major G. M. Ryals
of Savannah, Ga.; Colonel J. C. Cun-
ningham of Cunningham, N. C.
Secretary—John M. Stahl of Chica-
go.

The national congress is entirely non-
partisan, and is in the nature of a con-
ference of farmers for discussion on
matters relating exclusively to farm-
ers, and for the recommendation to
legislative bodies of such legislation
as is beneficial to agricultural inter-
ests. At the coming convention the
questions of overproduction, the ad-
vantages of large and of small farms,
the relations of millers to farmers, the
duty of the national government to-
ward sheep husbandry and kindred sub-
jects will be discussed by leading farm-
ers of the country.

WILL PROTECT SEALS.

United States to Have the Co-Operation
of Russia and Japan.

Washington, Oct. 28.—It is stated by
officials that the United States will
have the co-operation and support of
both Russia and Japan in the ap-
proaching issue over establishing ade-
quate protection for the fur seals of the
North Pacific ocean. The Japanese
government stands ready to join the
United States in any plan of seal pro-
tection and is desirous also of includ-
ing sea otters, which are being ex-
terminated from the Japanese islands.
The co-operation of Japan is said to
be of much importance to the United
States, as the seal poachers and pir-
ates have fitted out mainly at Japanese
ports.

The Russian government, also, it can
be said authoritatively, will welcome
an extension of the protection to the
seals. It is pointed out that while
Russia owned Alaska and the seal
islands now attached to the United
States there was complete protection
to the seals and that the destruction
began under American management.
The policy of Russia continues to be
to protect the seals on the Russian
islands of the North Pacific.

RAIDED THE TREASURY.

San Francisco Gold Reserve Very Nearly
Wiped Out.

San Francisco, Cal., Oct. 28.—The
sub-treasury has pulled through a
rather serious run which threatened to
annihilate its gold reserve and leave it
without a dollar with which to redeem
the perfect avalanche of greenbacks
that poured in over the counter. Timely
aid came from Chicago and other
sources, and when the outpouring of
gold finally stopped the \$12,000,000 of
a few months ago, despite the frequent
additions that have been made during
that period, was reduced to a bare
\$4,000,000.

Much of the gold withdrawn went
beyond the mountains. The sub-treas-
uries here and at New York are the
only ones authorized to redeem green-
backs. Usually the demand for green-
backs is steady at the sub-treasury
here, as exchange is almost invariably
in favor of New York and it costs less
to ship greenbacks than gold.

May Hold Japanese Land.

Tokyo, via Vancouver, Oct. 28.—The
publication of the new Japanese civil
code renders it clear that the com-
plaints made by Europeans and Ameri-
cans about the tenure of land under
the revised treaties are baseless. Al-
though the privilege of owning land is
withheld, foreigners will be able to se-
cure land for any number of years in
the capacity of superfluitaries.

Venezuelan Brief Prepared.

Washington, Oct. 28.—The Venezue-
lan government has forwarded to Wash-
ington the brief prepared at Caracas
by a commission of five eminent juris-
ts on the British-Venezuelan bound-
ary question and it will be submitted
to the United States commission.

Thistles for Fuel.

Chamberlain, S. D., Oct. 28.—As the
result of experiments last winter the
mill at Castalia will again this winter
use the Russian thistle for fuel in
place of coal. The proprietor of the
mill offers farmers \$1.50 per ton for all
the thistles they can bring in. Thus
the farmers in that section will receive
an income from what has heretofore
been one of their greatest enemies, the
thistles growing in such profusion in
some localities that small grain has
been completely crowded out.

ROBBERS SCARED AWAY.

Their Plan to Crack a Safe at Town-

ville, Pa., Is Frustrated.

Titusville, Pa., Oct. 28.—An attempt
was made at 2 o'clock Tuesday morn-
ing to rob the Farmers' bank at Town-
ville. The marauders were discovered
working in the bank by Mrs. Nelson,
who lives across the street. When dis-
turbed, the robbers mounted horses
and rode off in the direction of Oil
City, with a posse of armed citizens in
close pursuit. Titusville, Meadville,
Corry and other surrounding towns
were immediately wired to be on the
lookout, but up to noon no clew had
been found. An examination of the
bank shows that the robbers had made
careful preparations for a complete
job, but they were scared before they
had cracked the safe.

Squadron Will Be Strengthened.

Washington, Oct. 28.—It is under-
stood to be the intention of Secretary
Herbert to have the north Atlantic
squadron undertake a more extensive
series of maneuvers and drills than
have yet been attempted as soon as the
ships can be made ready. The word
has gone out to push steadily the work
of completing all of the ships which can
be made ready within a reasonable
time, and as many vessels will be put
in commission as can be manned. The
north Atlantic squadron will be re-
inforced by the addition of such power-
ful craft as the monitor Puritan and
the armored cruiser Brooklyn.

Officers of Georgia Legislature.

Atlanta, Ga., Oct. 28.—A caucus of
the democratic members of the house
and senate was held to select candi-
dates for officers of the new general
assembly which convenes in the state
capital today. R. Berner of For-
syth was nominated by acclamation
for president of the senate. H. A.
Jenkins of Putnam was named for
speaker of the house without opposi-
tion. Mr. Berner's nomination is sig-
nificant, from the fact that if Govern-
or Atkinson is elected to the senate
he will be governor pro tem.

Dies to Spite His Wife.

St. Louis, Mo., Oct. 28.—Charles
Jaeneke committed suicide by shooting
himself through the heart in the front
yard of his home at 1315 Dillon street.
Jaeneke was arrested Monday on a
charge of disturbing the peace of his
wife. He threatened her with death
and told her he intended to commit
suicide, and to prevent him from doing
so she had him arrested. He was tried
in the police court and released upon
payment of costs. On his return to
his home he carried out his threat of
suicide.

Peril of 200 Factory Girls.

New York, Oct. 28.—Ronald's factory
building, a five-story brick structure
in Borum place, between State and
Schermerhorn streets, in Brooklyn,
was destroyed by fire Tuesday after-
noon. The total loss is estimated at be-
tween \$100,000 and \$125,000. This is
covered by insurance. About 200 girls
were employed on the three upper
floors. The men succeeded in getting
the young women out in safety.

Indiana Glass Works Start.

Portland, Ind., Oct. 28.—The Gem
window-glass factory at Dunkirk, a
twelve-pot concern, employing sixty
hands, began to blow glass Tuesday
morning. The managers have signed
the scale proposed by the workers, and
will start the factory on their terms.
The Enterprise factory of the same
place will go to work as soon as the
wage question is settled.

Justice Long to Press His Case.

Lansing, Mich., Oct. 28.—Chief Jus-
tice Long of the supreme court, whose
famous case against ex-Pension Com-
missioner Lochren was dismissed by
the federal supreme court Monday
will at once commence a similar
action against the present commis-
sioner, and will endeavor to bring it
to a final hearing before the commis-
sioner has time to either die or resign.

Lavigne Defeats Everhardt.

New York, Oct. 28.—The fight be-
tween George Lavigne of Saginaw,
Mich., and Jack Everhardt of New Or-
leans to decide the light weight boxing
championship of the world, attracted
a representative gathering of sporting
men from all over the United States
to the arena of the Bohemian Sport-
ing club Tuesday night. Lavigne won
in the twenty-fourth round.

Palmer and Buckner at Omaha.

Omaha, Neb., Oct. 28.—Nebraska's
metropolis accorded the nominees of
the gold democracy a rousing recep-
tion Tuesday night. Boyd's opera house
was crowded when General Palmer
spoke. The names of Grover Cleve-
land and John G. Carlisle were wildly
cheered whenever mentioned.

One Hundred Rebels Killed.

London, Oct. 28.—A telegram re-
ceived here from St. Paul de Londa,
Portuguese west Africa, says the Por-
tuguese expedition has just punished
the rebellious Bendo natives, burning
twenty-four of their villages and kill-
ing 100 of the rebels.

Ex-Gov. Flower at Duluth.

Duluth, Minn., Oct. 28.—Roswell P.
Flower of New York received a hearty
greeting at the Armory Tuesday night,
where he and Daniel Lawler addressed
an audience of 3,500 in spite of the
rain.

THOUSANDS SING ON M'KINLEY'S LAWN WHILE BRYAN CIRCULATES IN CHICAGO

ENTHUSIASTIC DEMONSTRATION AT CANTON.

Thousands of Visitors at Major
McKinley's Home Join In One
Grand Chorus—Californians Stand
in the Rain to Hear Reed—General
News For Republicans.

Canton, Ohio, Oct. 28.—A most in-
spiring scene was witnessed on the
public square of Canton from 4 to 5
o'clock Tuesday afternoon. Thousands
Norwalk, many of the visitors from
Boston, West Virginia and Maryland
and Cleveland, gathered in front of
the handsome court house on the broad
public square and sang patriotic me-
loids, interspersed with music by the
bands, frequent cheers and the waving
of flags, banners and campaign
parasols with which the women's dele-
gation was supplied.

The day's demonstration was full of
features. It was notable for its large
crowd. It was notable for the wide
range of territory represented by the
visiting delegations. It was notable
for the varied interests of the people
who came.

In the first party were sixteen coach
loads coming from eastern West Vir-
ginia, western Maryland and Martin's
Ferry, Ohio, the latter delegation being
composed of women coming with greet-
ings for Maj. McKinley, and with beau-
tiful flowers for Mrs. McKinley. Em-
ployes of three large Cleveland manu-
facturing concerns were next upon the
scene, and when they gave way it was
to make room for more Ohio visitors,
men and women from Mingo Junction,
Ohio, the employees of a large iron and
steel plant, with their wives and
friends.

After these came the New England
delegation under the banners of the
New England "Sound-Money" club.
The party came largely from Boston,
but a large number of other New Eng-
land towns were represented. The
party remained in Canton till 6 o'clock
and then went to Cleveland.

No prettier sight has been witnessed
in the whole campaign than the recep-
tion of the Women's McKinley club of
Norwalk, Ohio. A reception committee
of Canton women met the visitors at
the station, and together with the Can-
ton troop of horsemen, escorted them
to the McKinley home, where Mrs. Wil-
liam R. Day and Mrs. George B. Freese
introduced respectively Mrs. L. C.
Laylin, who made the introductory ad-
dress, and Mrs. George Titus, who
presented a large cluster of yellow
chrysanthemums to Mrs. McKinley.
The latter, owing to illness, could not
receive the visitors. When Maj. Mc-
Kinley concluded his address to the ac-
companiment of the Norwalk band, the
women united in singing a campaign
song to the tune of "Red White and
Blue," waving their handkerchiefs all
the while and producing a most strik-
ing effect. Then came a visit of five
or six carloads of insurance men from
Cleveland, who were introduced to Maj.
McKinley by Mr. A. R. Manning.

Hobart Speaks in Jersey City.

New York, Oct. 28.—Garret A. Ho-
bart was given an enthusiastic wel-
come in Jersey City on his return home.
The party, together with a number of
other distinguished men, were escorted
by the Lafayette Light Guard of 200
men, a squad of mounted police, a mili-
tary band and a great crowd following,
to the Oakland rink, where more than
3,000 persons had gathered. It was only
after several minutes that Mr. Hobart
was able to speak. The party later in
the evening were escorted to the re-
viewing stand on the boulevard, where
they saw the parade of the republican
clubs of Hudson county. Fully 15,000
men were in line.

Listen to Reed in the Rain.

Los Angeles, Cal., Oct. 28.—Rain
Tuesday put a damper on what was
meant to be the largest political demon-
stration ever known here. T. B. Reed
was met at San Bernardino by a com-
mittee of business men, and brought
to this city on a special train. At
Athletic park at 1:30 o'clock 25,000
persons, many of them women, stood
in the rain to hear Mr. Reed speak.

BRYAN MAKES SPEECHES IN
THE GARDEN CITY.

Large Crowd Welcomes the Dem-
ocratic Nominee—Six Speeches De-
livered in the City—Watson's Let-
ter Received By Chairman Butler—
General News For the Popocrats

Bloomington, Ill., Oct. 28.—The peo-
ple of Bloomington listened to William
J. Bryan at 9:30 o'clock Tuesday morn-
ing, and they gave him a cordial recep-
tion. From a stand in Franklin park,
and near the residence of Vice-Presi-
dent Stevenson, he talked to an au-
dience of several thousand.

Shortly after 7 o'clock in the morn-
ing Mr. Bryan was talking to the peo-
ple of Lincoln, Ill. When he began
to speak there was a crowd of several
thousand assembled about the platform
in the public square in Lincoln. About
the band stand in the public square of
Pontiac were gathered thousands to
hear the candidate. From the rear of
the car the nominee addressed the citi-
zens of Dwight for five minutes, and
a speech of ten minutes was made at
Braidwood. A half-hour stop was made
at Joliet, and from directly behind the
depot Mr. Bryan addressed the people
assembled. Lemont was reached at
2:40, and Mr. Bryan was taken to a
stand adjacent to the depot and spoke
for ten minutes.

BRYAN AT CHICAGO.

Enthusiastic Crowds Listen to Six
Speeches in That City.

Chicago, Oct. 28.—William J. Bryan
came to the city yesterday. A crowd
of 30,000 persons met him at the depot.
The streets along which his carriage
passed on the way to Battery D were
wholly given up to men who shouted
and struggled with one another. At
Battery D platoons of police were un-
able to preserve anything except them-
selves, and had hard work of that. At
Michigan avenue and Monroe street
there were a few eggs thrown about
Mr. Bryan's head. The crowd became
incensed and made a dash for the
Powers block, at the northwest corner,
from which the eggs seemed to have
been thrown. With the greatest diffi-
culty the police kept the enraged men
from storming the building.

Mr. Bryan's speech in Battery D was
the first of the visit, and after a hur-
ried bath and dinner he went out for
the night campaign. He made five
speeches during the evening. At all
of these enormous crowds greeted
him. All through the evening the cen-
tral part of the city had the look of a
convention town, and the return of the
sidewalk orators was noticed. Crowds
gathered on every down-town corner
and in all directions the city was dis-
turbed.

RECEIVES WATSON'S LETTER.

Failed to Reach Mr. Butler Earlier for
Want of Sufficient Postage.

Washington, Oct. 28.—Senator But-
ler, chairman of the populist national
committee, before leaving here for In-
diana authorized the publication of the
following signed statement concerning
Watson's letter of acceptance:
"Mr. Watson's letter was received
Saturday night. It had been detained
in the postoffice for want of sufficient
postage, and I had not been notified by
the postoffice authorities. Of course, I
expected Mr. Watson to give his letter
to the public in the usual way as soon
as it was ready. I have written to Mr.
Watson urging the advisability of
making at least one important change
in his letter. If he authorizes this
change I will give out the letter. Oth-
erwise he must take the responsibility
of publishing it himself."

stration at this place in honor of Gov-

R. Tanner will speak here next Satur-
day.

Lowers the Indiana Record.

Nashville, Tenn., Oct. 28.—Jimmy
Michael, the Welshman, still further
lowered the ten-mile indoor paced re-
cord at the Coliseum Tuesday night.
He Monday night placed the record at
21:35 3-5, and Tuesday night lowered
it to 21:33 3-5. At Cumberland park
in the afternoon John S. Johnson rode
a quarter, paced, in 0:22 2-5, which is
a fifth of a second faster than the
world's record, held by Earl Kiser, but
the mark will not stand, because of
the fact that no official referee had
been appointed for the meet.

SEEKS RELIEF IN DEATH.

Despondent Mother Jumps Into a River
With Her Baby.

Rochester, N. Y., Oct. 28.—A woman
about 35 years old, carrying an in-
fant apparently 9 months old in her
arms, Tuesday morning climbed over
the railing on the north side of the
Central avenue bridge. Several men
rushed after her in an effort to prevent
a possible murder and suicide. But
they were too late. There was a splash
in the rapidly moving water of the
raceway twenty feet below and the
woman, with the child clasped to her
breast, sank beneath the surface. The
woman was rescued, but the child
could not be saved. Its body has not
yet been recovered. In reply to ques-
tions the woman said her husband
could not afford to keep her and that
she had determined to put an end to
her own life and that of her baby.

Murdered at a Political Meeting.

Knoxville, Tenn., Oct. 29.—A special
from Coal Creek, the famous rioting
mining town, thirty miles from here,
says a very sensational shooting affray
took place there Monday night in which
two men were killed and others wound-
ed. The fight took place at a McKin-
ley and Hobart meeting. A negro
named Bud Black began shooting at
Frank Martin, another negro. They
exchanged several shots and Martin
fell, mortally wounded, with two bul-
lets in his body. One of the shots
struck and instantly killed Robert
Laughlin, a justice of the peace, and
one of the leading citizens of the town.

Montreal in Fear of Flood.

Montreal, Oct. 28.—It has become
public that for some weeks the larger
of the two city reservoirs on the moun-
tains has been in a dangerous condi-
tion. It holds 18,000,000 gallons of
water, and experts say that if a break
should occur the whole city would be
washed away. The governors of Mc-
Gill university have already notified
the city that they would hold it re-
sponsible for \$1,000,000 damages in
case of accident.

High Prices for Wheat.

London, Oct. 28.—Mr. Rush, editor
of Beerbohm's Corn Trade List, the
recognized authority of the market,
says that the recent advance in wheat
will be maintained, the present reac-
tion in prices is only temporary, and
that men of widest experience in the
London market believe that wheat is
going to rule at 35 shillings a quarter,
equivalent to nearly \$1.10 a bushel.

Whaling Season a Failure.

New Bedford, Mass., Oct. 28.—Ad-
vices received from the Arctic ocean
whaling fleet state that the entire fleet
has taken only fifty-two whales up to
Oct. 1. In consequence of the poor
catch the price of whalebone will be
in the neighborhood of \$15 a pound,
as the fleet had only one week for
operations after this news was dis-
patched. The Arctic season is consid-
ered a failure.

strong and sympathetic terms to the
recent visit of the czar and czarina to
France.

Lynch—Beloit Woman Uses a
Gun.

Galesville, Wis., Oct. 28.—[Special]—
The three year old son of Oscar Mar-
shall, a north Bend farmer, was mur-
dered by a hired man named Palmer.
Marshall and the man had quarreled,
and to get even, Palmer took the boy
to the barn and deliberately crushed
his skull in with an axe. Palmer
afterward pretended to take poison
himself, but later made a con-
fession. There is a strong talk of
lynching.

Beloit Woman Shoots Herself.

Beloit, Oct. 28.—[Special]—Mrs.
Emma Wegs, better known as Mrs.
Johnson, attempted suicide last night
by shooting herself in the head. She
was out "gunning" for a man whose
name she would not divulge, and was
ordered out of the woods on the col-
lege grounds by Marshal Appleby, who
tried to arrest her. As he neared her,
she threatened to shoot him, but in-
stead, deliberately placed the revolver
to her head and sent a bullet crashing
through her skull. She formerly lived
at Whitewater, and this is her second
attempt at suicide. She cannot re-
cover.

ing three engines and a number of

Flouring Mill Will Burn Bran.

Appleton, Wis., Oct. 28.—The flouring
mill here, grinding 800 bushels of
wheat a day, is burning bran to make
steam. The price of bran is only \$3 a
ton, and at that price it is cheaper fuel
than wood or coal. There is but little
home demand for bran, even at this
low price, there being a scarcity of
cows.

ILLINOIS KNIGHT TEMPLARS.

Annual Conclave Meets at the Masonic
Temple, Chicago.

AFTERNOON RALLY HELD AT MILTON

EUGENE S. ELLIOTT MAKES
A SPEECH.

Ex-Governor Hoard Was Unable to Be Present, and the Milwaukee Man Took His Place—Thomas A. Wilkinson Speaks at That Village Tonight—County News.

THE GAZETTE AGENCY,
W. W. CLARK, Manager,
Milton, Wis., Oct. 26, 1896.

For the first time in many years an indoor political meeting was held here this afternoon. Ex-Governor Hoard was billed but owing to illness was unable to be present and Hon. Eugene S. Elliott, of Milwaukee, kindly consented to appear in his place. It is no disparagement of Governor Hoard to say that the distinguished gentleman who filled his appointment made the audience forget their disappointment and gave them an opportunity to hear one of the ablest addresses ever heard in this village upon American politics. He prefaced his remarks with a brief statement of the history and early achievements of the party and then took up the leading planks in the Chicago platform and turned upon them the search light of truth, showing that they tended to anarchy, sectionalism and repudiation. In closing Mr. Elliott showed conclusively the fallacy of the free coinage arguments and its inevitable ruinous effects upon the business and future prosperity of this country, if adopted. His oration was an eloquent tribute to the republican party and its leaders, and a prediction that the future had in store for it greater honors than had been conferred in the past. His hearers gave him close attention, frequent applause and a rising vote of thanks at the close of his address. College chapel was well filled, and many farmers were to be seen in the audience. This evening Thomas A. Wilkinson of Arkansas, will speak for republicans at the same place.

Miss Margaret Rodgers Dead.
Miss Margaret Rodgers departed this life, Sunday morning, October 25, 1896, in the Alexander residence at the village of Milton, Rock county, Wis. She was born May 35, 1831, and was therefore sixty-five years and five months old at her decease. Her illness which had continued for some time and had confined her to the bed for about two months, terminated in pneumonia. Her birthplace was in Kelson, Roxburghshire, Southeastern Scotland. Having lost her father she came to America, when two years of age, with her older sister, her mother and grandfather Rutherford, whose wife died on the voyage and was buried in the Atlantic ocean. Her first home in this land was Burlington, Otsego county, New York. In 1844 she and her sister Sarah, who survives her, removed to this village with their uncle, the late John Alexander, and his wife, who was a sister to their mother. Here they both have since resided, caring most affectionately for their uncle while living, their aunt, until her death a few years since, and the sons of the uncle and aunt. Margaret united at an early age with the Congregational church here, and remained a member until her death. Like Dorcas of old, she has filled out her life with "good works and alms-deeds." She has seen Milton grow from very small beginnings, and has been interested in every public movement of the place, embracing the college, which was started as an academy in the year she came to live in this village, and the church to which she belonged. She was greatly esteemed and beloved by all who knew her. Her relatives, the Rutherfords, still reside in Burlington, N. Y., and those of her uncle, the Alexanders, principally in the town of Lima. Of the sons of her uncle, Walter S., with his wife and daughters, from Omaha, Neb., and Archibald, with whom she was living at the time of her death, were present at the funeral, which occurred today. The widow of Thomas Hanthorn, came from Mason City, Iowa. The services were conducted at her request by President W. C. Whitford, who was assisted by Rev. George E. Chambers, pastor of the Congregational church. The subject of the discourse was selected by herself and was on "The Resurrection and the Life." Her sister and the other immediate relatives have the full sympathy of the community, which feels greatly its own loss.

Carload of Grain is Big.

Few people realize the meaning of a carload of grain in these days. Years ago the ordinary grain car would hold about 600 bushels of oats, recently Fetherston brothers loaded into what the railroad boys denominated a "Megwump" car, fifteen hundred bushels of oats, or the average product of thirty acres of good Rock county soil.

Our Business in Cloaks

Is Phenomenal.

What a clever word "best" is, anyway. So short and conveys so much meaning. What meaning does it convey to you when applied to winter garments? Whatever it is you will find it exemplified in our stock, and perhaps some 'best' points that you didn't think of besides. It matters not what price you want to pay for a jacket or cape, we can suit you. New things every day.

In order to be able to do such a tremendous amount of winter garment selling it is necessary to have the right kind of styles, and variety large enough to suit all who come. Handsome double Capes at \$5, in black and two toned cloths, fur and braid trimmed. Excellent, nobby jackets at \$6 50, \$7.00, \$8.00—that ought to be much more.

A Great Many

people are not prepared to put very much into a winter garment, and we have made unusually large preparations this fall to have styles to fit everybody's purse, and the consequence is:—Few women who see our creations leave the store without buying. There are many, trashy, worthless things in the market, that can be offered at very small figures; and some people who judge by price alone buy such garments. Be critical about quality, be not fooled by a small price. We fight shy of shoddy cloaks, and give good values,

Mrs. Fraser was a sister of Mrs. Rice, and also of Wilson Brown of Magnolia. G. E. Newman celebrated his seventy-third birthday by inviting a number of his friends to dinner on Monday, October 26. It is hoped that Mr. Newman may have many happy returns of the day. A full house greeted Messrs. C. E. Railroad Jack.

A novelty is afforded the patrons of the Myers Grand next Thursday night, Oct. 29 in the presentation of the musical comedy drama, Railroad Jack. A tramp figures conspicuously throughout the four acts as the friend of the persecuted and an enemy to villainy. He makes his first appearance at a railroad lunch counter seated on the cow catcher of a big engine. Meeting with an adventure in the lunch room he learns of a vile plan to be executed by the villain and determines to thwart him, how well he succeeds is seen in the following acts. Ludicrous comedy scenes and sensational climaxes are promised. Special scenery is carried by the company and big box cars, engines, section houses, lunch room and news stand are realistically presented. David Rives is the tramp hero Miss Rita Dixon the persecuted heroine, George Howson the comedy lover, and Monica Leech Farley the "Ingenue." Miss Leech and Miss Dixon will be heard in operatic selections from Norma and other operas while the various members contribute novel specialties.

Speed and safety are the watchwords of the age. One Minute Cough Cure acts speedily, safely and never fails. Asthma, bronchitis, coughs and colds are cured by it. C. D. Stevens

The doctor may be a good old man, but even so, medical examinations and the "local-application" treatment are abhorrent to every modest woman. They are embarrassing—often use submitted to until everything else has been tried. In nine cases out of ten, there is no reason for them. In nine cases out of ten, the doctor in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had years of actual practice and experience in this particular line. This is true of Dr. R. V. Pierce, chief consulting physician of the Invalid's Hotel and Surgical Institute, at Buffalo, N. Y. Doctor Pierce's Favorite Prescription, a remedy for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."

Secretary Casson is of the opinion that the licenses from railroads, telegraph lines and other sources will produce a sufficient revenue to run the state, if economically managed, and if the legislature makes no extraordinary appropriations.

MRS. MICHAEL SHEA IS DIVORCED

Judge Bennett Frees Her From the Husband Who Fleed.

In the Circuit Court yesterday Judge Bennett granted a divorce from Mary Shea from her husband, Michael Shea on the grounds of desertion. Both parties reside in Beloit. Attorney J. W. Bates who appeared in the interest of Mrs. Shea informed the court that on January 7, 1893, the said Michael Shea deserted her without cause or reason and that his whereabouts since have been unknown. Mr. and Mrs. Shea were married in this city on Nov. 16, 1890 and by their union they have one daughter who is left in the custody of the plaintiff. Mrs. Shea will assume her maiden name, Mary Murray.

STREET CAR RECEIPTS FALL OFF.

The Month of September This Year, Runs Behind 1895.

The receipts for the month of September for the Janesville street car line are less than those of the corresponding month of last year. The number of passengers carried during last month was 19,300, while a year ago for September the number was 26,381. Superintendent Cummins says that the bad weather during the week of the fair had much to do with lessening the receipts.

THIS DAY IN HISTORY.

1487—Desiderius Erasmus, scholar and reformer of the reformation, was born at Rotterdam; died 1536.

1492—Columbus discovered Cuba.

1793—Marshal Grouchy, the commander blamed by Bonaparte for his loss of Waterloo, was born at Paris. Grouchy was a brigadier general when the revolutionary convention cashiered him among others because of his royal blood. Re-enlisting as a private, he won his honor by deeds of extraordinary personal valor. At the battle of Novi he received 14 wounds. After the battle of Waterloo Grouchy found asylum in America and resided for a time in Philadelphia.

1776—Battle of White Plains, N. Y.; Americans defeated.

1856—The Bartholdi statue of Liberty in New York harbor was unveiled.

1862—Fire in the wholesale district of Milwaukee; loss, \$3,500,000; 10 deaths.

1850—Hon. Carter H. Harrison, mayor of Chicago, assassinated by Prendergast.

TONIGHT THE LAST CHANCE.

This is no joke. Register tonight.

If your name is not on the list see that it is placed there before 8 o'clock tonight. This is the last day for registration. If you are not registered you will miss the greatest joy that mankind in the United States has enjoyed for thirty years.

That is the joy that will follow the giving of an everlasting thump to Bryan, repudiation and anarchy.

Register! Register! Register! And smash them!

COUNSEL OF THE FATHERS.

WASHINGTON: It [inflation] will not benefit the farmer or the mechanic, as it will only enable the debtor to pay his debt with a shadow instead of a substance.

MORRIS: The scale by which everything is to be measured ought to be as fixed as the nature of things permits. It [unsound currency] has caused infinite private mischief, numberless frauds, and the greatest distress.

HAMILTON: On the intrinsic value of the money unit the security and value of property depend. Gold may be said to have a greater stability than silver, as being of superior value. There can hardly be a better rule in any country for the legal than the market proportion. Each metal finds its true level. As long as gold retains so considerable a preeminence in value over silver, its condition will be more stationary.

JEFFERSON: The real credit of the United States depends on the ability and the immutability of their will to pay their debts. I deny their [Congress] power of making paper money, or anything else, a legal tender.

MADISON: The nation should possess a currency of equal value, credit, and use wherever it may circulate.

JACKSON: Although wages are nominally the same, or even somewhat higher, they are greatly reduced in fact by the rapid increase of a spurious currency, which appears to make money abundant. There is no fraud in gold. Like the honest principles of the founders of our government, it is unchangeable, and will do its office well everywhere and at all times. Nature has set limits and labor imparts an invariable value to it. It is therefore, the true representative of the principles of justice and equality which should enter into everything which operates on our institutions, and should be ever insisted on by the industrious classes.

BENTON: It [gold] has an intrinsic

value which gives it currency all over the world to the full amount of that value, without regard to law or circumstances. Its uniformity of value makes it the safest standard of the value of property which the wisdom of man has every yet discovered. Its superiority over all other money gives to its possessor the choice and command of all other money.

WEBSTER: The very man of all others who has the deepest interest in a sound currency, and who suffers most by mischievous legislation in money matters, is the man who earns his daily bread by his daily toil. A disordered currency is one of the greatest political evils. Credit has done more, a thousand times, to enrich nations than all the mines of all the world.

RAILROAD MEN LOOK BACK.

Talk about coercing railroad men to vote for McKinley! Most of them would have to be coerced very strongly to make them vote any other way. The crime of '73 gave them nothing to complain about.

In 1873 locomotive passenger engineers received \$80 per month, and now their average earning is \$150 per month; freight engineers then received \$60 per month, and now average \$100; then firemen received \$40 per month, and now \$75 in the passenger service and \$60 in the freight service; then trainmen and brakemen received from \$30 to \$25, and now they receive from \$45 to \$50; the trackmen who constitute the great body of labor, received 87 1/2 cents a day in 1873, and now they get \$1.35. No wonder railroad men don't care to return to the "good old free silver times."

WANTS PHYSICIANS TO REPORT

Evansville Enterprise Wishes To Keep Track of the Sick.

The Evansville Enterprise says: "It shall be our aim to give as complete a report of the condition of the sick each week as possible, and under what physicians care they are, believing such news to be of the utmost importance, especially to absent friends and relatives; but we must say that we are laboring under some difficulties in securing such reports from some of our physicians, which no editor has to contend with elsewhere to our knowledge in as much as some (we say some because all are not so seriously affected) of them seem so sensitive in having their names connected with their cases, that they utterly refuse to report them to us until we promise not to mention their names in connection with their patients. Now, whether this means that they are ashamed of their patients or in case of loss of one would not wish to be known in connection with it, we are unable to decide, they say it is because they do not wish to advertise themselves. The fallacy of such an excuse is readily seen, but we suppose we will have to humor some in order to secure the necessary news but when cases are mentioned and the name of the physician in charge not mentioned, our readers should understand that it is by special request of the physician; and not our personal fault. We hope some of our physicians will not become so very reserved and sensitive as to take down their signs, as some stranger might need their services. Sickness and the physician in charge is a matter of public interest and should not be kept secret."

All That Was Lacking.

He had been away on a business trip for quite a long time, and had brought his wife a handsome fan on his return.

"It's just perfectly lovely, Harry," she said. "It's the daintiest and most beautiful fan I ever saw."

"I'm glad you like it," he returned, with evident gratification.

"How could I help liking anything so pretty?" she asked; and then she added with a sigh: "I only wish I could carry it some time."

"Why can't you?" he demanded.

"No gown to go with it," she answered, promptly. "There ought to be a gown to match, or at least one that wouldn't look shabby beside it, if—"

She got the gown. He kicked himself for two days, and ever thereafter bought fans to match what she already had.—Chicago Post.

Episcopal Missionary Council.

Cincinnati, Oct. 28.—The missionary council of the Episcopal church Tuesday began its session of five days with services lasting during the forenoon.

In the afternoon the Bishop of Missouri presided. The Rev. Henry Austice, D. D., of Rochester, N. Y., was re-elected secretary. The address of welcome was delivered by Bishop Boyd Vincent, with response by Bishop F. E. Dudley of Kentucky, after which the usual order of business was taken up. The attendance of bishops and other representatives is very large.

Woman and Two Children Murdered.

Richmond, Mo. Oct. 28.—Mrs. Eva Winner, wife of Jesse Winner, and her two children, a girl aged 3 and a boy aged 18 months, were murdered Monday night. The woman's head was cut with an ax and the throats of the children were cut and their spinal cords severed. Bloodhounds are being used to track the murderer.

Says Tynan Had No Mission.

New York, Oct. 28.—O'Donovan Rossa, the Irish radical, gave an interview questioning Mr. Tynan's statement that he went abroad on a secret mission connected with the Irish cause. He said: "I don't know anything about any mission, secret or otherwise, that could have taken Mr. Tynan abroad."

HOSTS TO MARCH MONDAY NIGHT

(Continued from page 5.)

A special train will be run and both the Imperial and the Y. M. C. A. bands will go. Each man will be supplied with a torch while the Railway Men's Sound Money club, numbering probably 150 strong will carry red and green lanterns. The special train will not leave until shortly after 6 o'clock. This will give everybody a chance to hear Bryan's speech as the boy popocrat will probably be through speaking at that time. The popocrats have hired the Imperial band to serenade the free silver candidate and immediately after the band fulfills that duty, the members will hurry aboard the special for Rockford. The special train will go over the St. Paul road and probably 500 Jamesville people will be aboard when it pulls out.

All republicans who cannot get away are asked to send a substitute. Many who cannot get away have done this.

REPUBLICANS NOT FOR SILVER.

"Extra Goodrich & Co." Put Up Misleading Posters.

"Extra Goodrich & Co." of Milton, have put up posters announcing that "Ex-Senator James Sutherland and Wilson Lane, republicans of Jamesville, will address the people on the silver question, after which, should there be time, Ezra Goodrich will give in a few minutes the reasons for his hope and belief. A cordial invitation is given to everybody to come. No contributions will be asked for or taken while corn, the king of all cereal crops, remain on the basis of four dollars per ton. EZRA GOODRICH & CO."

Speeches in behalf of Bryan are not made "from a republican standpoint." They are popocratic, pure and simple. No republican can stand on the Bryan platform which declares against republican principles, and every other republican principle.

No republican can stand upon a platform so "mean" that self respecting and honest democrats are forced to disown it.

HOSTS TO MARCH MONDAY NIGHT

A Big Honest Money Parade to
Be Seen Here.

TO ORGANIZE A CLUB THIS
EVENING.

In All Probability the Famous Rock-
ford Flambeau Club, of Seventy-
five Men, Headed By a Monster
Band of Thirty-five Pieces, Will Be
Here—Will Be Torches For All
Who Wish to March—Political
Notes.

The republican campaign in Rock
County, will end on Monday, Nov. 2,
with meetings at Afton, Magnolia,
Johnstown, Avon, Newark, Winston
schoolhouse, Lima, Edgerton and
Janesville. Meetings are scheduled
as follows:

at Center.
P. H. Norcross and T. S. Nolan at the Ward
school house, Spring Valley.

Lima.

Janesville sound money men will
join in a big rally of the old fashioned
sort on Monday night.

Hon. J. V. Quarles, of Racine, will
be the speaker, and the meeting will
be held at the opera house.

A big torchlight procession, one
that will remind the people of the
campaigns of long ago, will be a fea-
ture, and bands will play, while red
fire lights up the line of march.

The demonstration will mark the
close of the campaign, and will be a
"rouser."

Announcements for this night be-
fore-election affair, are now being
made, and all believers of honest
money are invited to take part.

A marching club will be formed at
Concordia hall tonight, and torches
enough to supply an army of march-
ers will be on hand.

Plans for Tonight.

Tonight's meeting will be an enthu-
siastic one. Beside the organization
of the club, there will be music by the
Imperial band, and speeches by Ed-
ward M. Hyzer, T. S. Nolan, Ogden H.
Fethers, W. G. Wheeler and other
honest money advocates. Plans will
then be made for the Monday night
demonstration, and the line of march,
etc., outlined.

C. W. Blay has made a canvass, and
reports much enthusiasm among the
people over the "blowout." F. S.
Winslow has been hard at work, and
recently went to Chicago to procure
torches and uniforms for the marchers.

All sound money men are ur-
gently requested to attend tonight's
meeting, and figure on taking
part in the "wind up." The managers
desire to have every sound money man,
in the city, lend a helping hand,
and make the closing parade an impos-
ing one. The meeting tonight will be
called to order at 7:30 o'clock.

Rockford Club May Come.

There is a strong probability that
the famous Rockford Flambeau club,
composed of seventy-five uniformed
men, headed by a band of thirty-six
pieces, will be present. The officers
have notified Chairman Vankirk that
if Janesville sends a good sized delega-
tion to Rockford, on Friday night,
that the flambeau club and band will
reciprocate Monday night. The club
is a finely drilled organization, while
the big band is made up of the mem-
bers of several Forest City musical
organizations.

Center will probably send in a large
delegation of marchers and others
will be present from all parts of the
county. If Janesville does her
share—and she has not failed yet—
the greatest demonstration in Janes-
ville's history will be the result.

Go to the meeting tonight and plan
to turn out Monday night. You can-
not do less than to march in behalf
of national honor and a dollar worth
a dollar the world over.

ROCKFORD TO OUTDO HERSELF

Friday Night's Demonstration Will Eclipse
All Records

Rockford will outdo herself in giv-
ing an honest money demonstration
on Friday night, and in all probab-
ility the parade will be the largest ever
held in that city.

Janesville will be represented, but
she will not be alone, for Rock county
will send a big crowd. Beloit will
send a club of six hundred men. Word
has been received in this city to that
effect. The Berlin Iron Works, Fair-
banks, Morse & Co., Thompson &
Sons and the John Foster company
expect to send their entire forces and
in addition the Beloit McKinley club
will turn out a large delegation.

It is expected that there will be
5,000 men in line.

All arrangements are now made
for the visit of the Janesville people.

FLAG IS UNFURLED ABOVE THE SHOPS

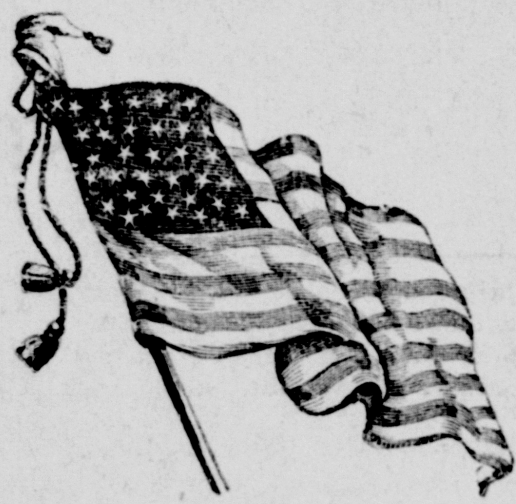

C. & N. W. MEN CELEBRATE
THIS AFTERNOON.

While the Cannon Roared and the
People Cheered, Mrs. A. P. Lovejoy
Loosed the Cord and Let the
Starry Banner Wave—Big Crowd
Was Present.

From the flag staff on the Chicago
& Northwestern shops, the starry ban-
ner was flung to the breeze this after-
noon.

Cannons roared as the National em-
blem was unfolded, and a mighty cheer
went up as the red white and blue
bunting straightened out when the
wind caught it.

The Janesville Light Infantry and
W. H. Sargent Post took part in the
celebration and the attendance was
large. The veterans met at Post hall,
at 2 o'clock, and at 2:45, headed by
the Post drum corps, the twenty-eight

men who represented the Post, marched
to the depot. The Light Infantry
assembled at the Armory at the same
hour, and marched to the shops. The
program was quite elaborate, and was
scheduled to begin at 3 o'clock. Hon.
Pliny Norcross was the speaker of the
day, while to Mrs. A. P. Lovejoy, re-
presenting the Daughters of the Ameri-
can Revolution, was delegated the
duty of unfurling the flag.

Rev. D. Hodge invoked the Divine
blessing and Rev. Father Condon pro-
nounced the benediction. Dear Mc-
Ginnity had been expected to do this,
but was unable to be present, behav-
ing been delayed at Willow Springs,
where he went to take part in the
dedication of a new Catholic church.

E. O. Kimberley led the singing
while Al. Bintliff had charge of the
firing of F. F. Pierson's cannon. The
occasion was a patriotic one, and was
a grand success from every point of
view.

SAW BUT ONE BRYAN PICTURE.

Janesville Show Windows Inspected By a
New York Traveling Man.

EDITOR THE GAZETTE:—Having a lit-
tle spare time on my hands this after-
noon, I thought I would take a walk
around the streets of your handsome
city and see what the political outlook
was from the standpoint of a window
display. Here is the result of what I
saw: The only portrait I discovered
of Mr. Bryan in any window in Janes-
ville was displayed in one of the win-
dows of Boots & Murphy. This has a
prominently 16 to 1 placard attached
to it. I passed on to the next window
and saw another picture prominently
displayed, which said: "Only a
Dream."

I hardly know what to think of
this—whether Messrs. Boots & Murphy
really believe themselves that we will
all wake up on the morning of Novem-
ber 4 and find Mr. Bryan and his 16 to
1 fallacies were only a dream after all.
I sincerely hope it will turn out so.

FONDA WILL CASE DECIDED
BY JUDGE BENNETT.

Court Holds That the Grand Children
Are Not Entitled to the Estate
Which Is Worth \$25,000—Two
More Cases Are Pending In
Court.

Because of a decision rendered by
Judge Bennett of the circuit court,
Peter Fonda of the town of Turtle, is
better off to the extent of several
thousand dollars. The case was
brought to court by the sons of the
late John Fonda, who resided near
Shoopers, in the town of Turtle. Upon
the death of John Fonda, property
valued at \$25,000 was left. Before
his death he promised this property to
his sons, providing that they
live upon it and improve the same.
Soon after the death of Mr. Fonda,
the will was found to tell an entirely
different story, the entire property
being left to the grandchildren.

Suit was then brought, for the pur-
pose of recovering the property, by
the son Peter, and Judge Bennett's
decision was rendered in the plaintiff's
favor, awarding him his share of the
property. The two other cases—those
brought by the other sons Giles and Ev-
ert—are now pending. Smith & Pierce
were the plaintiff's attorneys.

ELECTION NOTICE.

TO THE ELECTORS OF ROCK COUNTY:

Notice is hereby given that a general election is to be held in the several towns, wards and election precincts in the county of Rock, on the third day of November, 1896, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given opposite the name of the office and under the appropriate party or other designation, each in its appropriate column and the question submitted to a vote are stated below;

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names and or initials of both ballot clerks, and no other can be used. Upon receiving his ballot, voter must retire, alone to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter, if he wishes to vote for all the candidates nominated by any party, should make a cross mark X, under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked, and having no other mark, will be counted for all of the candidates of that party in the column underneath, unless the names of some of the candidates of the party have been erased, and will be counted for all names written in lieu of one erased or pasted over a printed name. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark, X after the name of each candidate he does desire to vote for. If he wishes to vote for a person for a certain office, whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot, can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any other person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed endorsements and signatures of the ballot clerks may be seen. Then the voter should pass out of the booth, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place. A voter who declares to the presiding officer, that he is unable to read, or that by reason of physical disability, he is unable to mark his ballot, can have the assistance of one or two election officers in marking the same, to be chosen by the voter. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:

W. J. MCINTYRE, County Clerk.

If you desire to vote an entire party ticket, make a cross mark in the square under party designation at the head of the ballot. If you desire to vote for all the ticket, except particular persons, erase their names, or mark opposite the names of the candidate you desire to vote for in another column, if it be there, or write in the name you wish to vote for. If you desire to vote for candidates on different tickets, erase the names of the candidates you do not wish to vote for and make a cross (X) opposite and after the name of the candidate you desire to vote for, or write his name in the blank space under the name erased.

BRYAN BACK IN '92.

HIS BUNKO GAME BEFORE NEBRASKA FARMERS.

Sold Them a Free-Trade Brick and Now Has a Silver One Ready for Them—An Editorial from the Lincoln (Neb.) Daily Call.

The striking contrast between Mr. Bryan of '92 and Mr. Bryan of '96 was so graphically portrayed in the parade last Tuesday, that during the remainder of the campaign the people of Nebraska will begin to look through his silver-tongued oratory to the motives that have inspired him in all his public career. The object lesson consisted simply of Mr. Bryan standing in a farm wagon, wreathed in a luxury of vote-getting smiles, bowing and gesturing, and at times displaying the butcher knives with which he so artistically deluded the farmer in enticing him away from the protective doctrine, and otherwise parading himself as the "friend of the plain people."

Immediately following this was another farm wagon containing another exact representation of Mr. Bryan with his silver hat, a broader smile than usual, a more gracious bow, but minus the butcher knives and other characteristics of the preceding campaign. In their stead he held in his lily-white hand a silver brick, which he was attempting to induce the people to accept as the basis of his new theories, which, when in practice, would deliver them from the commercial bondage into which he had assisted them.

The people saw it. No one had to be told what it meant. The dogs barked about the wagons when they fell into the procession and twice during the parade, but nowhere else and at nothing else, did the canine give expression to his delight. The people talked about the object lesson seriously and reflectively. The farmer was heard to say "Bryan talked only \$1.25 a bushel for wheat," and this is what he said about low prices in congress March 16, '92.

"You must attribute it to the inventive genius that has multiplied a thousand times, in many instances, the strength of a single arm, and enables us to do today with one man what fifty men could not do fifty years ago. That is what has brought down prices in this country and everywhere."

Yes this is what Mr. Bryan said caused the low prices in '92; but does he give this as the cause of low prices today?

Every candid man knows that everywhere Mr. Bryan has spoken and has had sufficient time to say it, he has said emphatically that the iniquitous gold standard is the sole cause of low prices. But this is exactly the difference between Candidate Bryan of '92 and Candidate Bryan of '96.

Then he said to his countrymen that all they wanted to become prosperous, was a tariff for revenue only, without regard to the protection of American labor. His countrymen have sweat blood to try his free trade experiment. His countrymen have bitten the dust for four years while he has ridden on the back of oppressed labor to the top-notch of party preferment.

But where does he stand today? Is he talking low tariff and \$1.25 cent wheat and telling that invention has caused the fall in prices? Far from it. By every art known to the demagogue, he evades his responsibility for the country's adversity and tells his countrymen now that their only hope is the free and unlimited coinage of silver.

In '92 he advised the legislation that closed the mills, and told the farmer that protection was all right for the east but all wrong for the west. As silent as a clam now on the tariff question, he tells the plain people that the gold standard, the money of Jefferson, Jackson, Webster and Lincoln is the cause of all industrial adversity and that the free coinage of silver and the repudiation of debts is the only hope of the American people. This is the difference between Bryan's candidacy for congress in '92 and his candidacy for presidency in '96. In both he is the avowed enemy of the people.—Lincoln (Neb.) Call.

Mine Owners' Profits.

The question has been widely discussed whether or not the silver mine owners of the western states expect to realize a fortune from the free coinage of silver bullion owned by them. The Hon. Thomas G. Merrill, of Salt Lake City, who is half owner of the Merrill-Miller Mining Company, is also the secretary and treasurer of the National Bimetallic league. He must therefore be regarded as a tolerably good authority on the subject. He is a large mine owner in Montana and is particularly interested in the silver mines of Lump Gulch, near Helena. On the 18th of August it was decided to close the Liverpool and Washington mines, on account of a strike of the miners, for an indefinite period. In an interview published in the Helena Independent, by way of explanation of the policy of the company, Mr. Merrill said: "If we get free coinage in this country, as I surely think we will at no distant day, the mine will be worth twice as much as it is now. We will then receive for our product 129 cents an ounce, and the difference between that and the present price of about 68 cents will be clear profit; for the expense will come out of the price we are receiving, now, just as it has in the past. The mine is like a bank. The ore is there, and when the time comes, we can take it out. We will not think of resuming before election; that is certain."

How is this mythical prospect of an

increase in the value of Mr. Miller's silver going to help the farmer? How will it help the miner, if he receives no share of the hoped-for profits, but continues to work at the same old wages? And does not the closing of these mines until after election smack a little—just a little—of coercion? Is a silver Shylock any less formidable to the poor than a Shylock made of gold? Will the conversion of capital from gold into silver solve the question of the relations of labor and capital? Mr. Merrill's frank avowal of his great expectations from the election of Mr. Bryan may account for his political action. It certainly affords food for serious thought, and the more it is examined, the less attractive will appear the purpose which it betrays.

Farmer Brown's Dilemma.

We had a public meeting in the school house here last week. And a fellow from the city was invited down to speak. He'd studied up the subject of finance in every light. And claimed that he was competent to show us what was right. He says this whole blamed country is a-goin' straight to smash. Unless we get free coinage and increase our stock of cash. He's figured out a daisy scheme and claims 'twill work immense—He wants to make our dollars cost us only fifty cents. He'd take "four bits" of silver and would run it through the mint. And stamp it plain "one dollar" with the government's imprint. The mines would dump their silver and the nation, slick as grease, would grind out brand-new dollars at just fifty cents apiece. That sounds all right; but since that night somehow I've often wondered when I buy dollars for fifty cents, who'll take 'em for a hundred? —Chicago Times-Herald.

Own Up to the Trick!

Come, tinkler of the silver cymbals, what's this that Bryan is saying about "fixing" the price of silver at \$1.29 an ounce and the value of your sixteen-to-one silver dollar at 100 cents in gold? Isn't that rank heresy in the light of the doctrine that you started out to preach? Weren't you going to raise prices? How does this latter doctrine square with the earlier one? How can you raise the price of a thing by coining a dollar that will buy just as much of it as the old dollar bought?

Perhaps you reason this way—if you reason at all: Silver will rise from its 50 cent mine and go up a distance on the high ground, and gold will gracefully go down hill to meet and embrace it—say, down somewhere around the 75 cent dollar notch. Is that your idea? If that is your notion, don't you think you are too cute for anything? You saw, after a deal of laboring with you by the grown folks, that you were frightening the wage earner half to death when you talked of doubling the cost of his living by doubling prices with your 50-cent dollar; and then you went on this other dear dollar tack and told the wage earner that your new dollar would buy as much as a gold dollar, and so would be worth 100 cents in gold. But you were careful not to let on to him that you had contrived this plan by which you would surely clip the gold dollar of 25 cents of its purchasing power.

Doesn't it look very seriously, after all, as if this whole free silver business were just a scheme to interest the cupidity of the employer of labor in a trick to clip the wages of his employe and divide the clipping with the coin manufacturer?—New York Commercial-Advertiser.

Boers with a Lordly Descent.

A Fellow of the Huguenot Society, writes the London News that the representatives of the old dual Huguenot family of Du Plessis are now Boers. He says: Napoleon I, when he wished to restore all the old families, offered to restore the title and estates of the Du Plessis at the Cape, but the farmer decided to remain as he was. Some in England are apt to look down upon those in the Transvaal as somewhat inferior to themselves. I may tell them there are many there of the noblest blood of the French aristocracy, and among them the family named.

London Streets.

The city of London has now about twenty-three miles of carriage ways laid with noiseless materials, of which, roughly speaking, asphalt counts for three-fourths and wood for one-fourth. In the noiseless footways, which are calculated to amount to about fifteen and a half miles, asphalt has the field entirely to itself.
